

BUCKLEY & DISTRICT REDS NEWSLETTER
SUMMER 2008

I hope you are all enjoying your summer break from the football & re-charging your batteries ready for our first season in the Blue Square Premier League. Although it's still hurts that we lost our League status after 87 years, at least we still have a club to support and i'm really looking forward to the new season starting and hopefully seeing us play attractive & attacking football ! whilst we may be a league lower , i think we will see a better standard of football from our team than the last few years with more goals & wins... whether it's enough to bounce straight back.... we'll see in April/May.

Some of you will be aware that Tony & myself put ourselves forward for election to the WST board, we missed out in the election but i believe that the Trust can now move forward with the new board in place and regain it's position & trust with reds fans,we have as a group always had a good relationship with the WST and i'm sure it will continue. As we all know , relegation has had a financial impact on the club , as a result i believe the supporters groups & the WST will have a big part to play in helping the club over the course of the next season or two , we supporters groups as always will be fundraising to help through sponsorship , donations etc, and the trust are trying to buy equity in the club to avoid another Hamilton situation, therefore please consider joining the trust if you are not a member... £12 a year which can be paid £1 a month by direct debit is the minimum membership fee & if you know anyone who is not a member of Buckley & District Reds... give them a nudge !

We will be running away travel again this season & will be running the football forecasts again, if you have any fundraising ideas, don't be shy... the more money we can make, the more we can help the club !
